St. Paul, Minn., July 21.—J.
Frank Hanly, former governor of In-
diana, was nominated for President
of the United States on the first bal-
lot of the National Prohibition con-

St. Paul, June 21.—The nomi-
nation of J. Frank Hanly, former gov-
ernor of Indiana, as presidential
candidate of the Prohibition party
was confidently expected by Hanly
leaders before final adjournment to-
night of the national Prohibition
party convention.

Nominating speeches, begun after
the adoption of the party platform,
were still in progress this afternoon.
A demonstration lasting nearly
fifteen minutes followed the nomi-
nation of Mr. Hanly by Sumner W.
Haynes, also of Indiana, who took
occasion to announce that he had
withdrawn from the race in favor of
Mr. Hanly.

Another demonstration broke out
when Eugene W. Chaffin, of Arizona,
placed in nomination the name of
William Sulzer, former governor of
New York, who came to St. Paul,
yesterday, and addressed the conven-
tion.

Finley C. Hendrickson, of Cumber-
land, Md., whose candidacy was given
strength at several eleventh hour
conferences, was placed in nomina-
tion. The Maryland delegation made
tuttle efforts to start a demonstra-
tion in his behalf.

The party platform, over which a
lively fight was expected, was adopt-
ed with but one change. A plank
was added declaring in favor of the
initiative, referendum and recall.

H. P. Ferris, national treasurer, se-
conded the nomination of Mr. Hanly.

Delegates were growing tired of
the seconding speeches and indica-
tions at 1:25 p. m. were that bal-
loting soon would begin.

The roll call of states for nomi-
nations was completed at 1:30.

Nominating speeches were limited
to ten minutes and seconding
speeches to five minutes. Alabama
yielded to Indiana, and amid an out-
burst of applause Sumner W. Haynes
began his speech nominating J.
Frank Hanly.

The platform adopted today in-
cluded E. W. Chaffin's plank indors-
ing the initiative, referendum, and
recall.

The convention resumed work
shortly after 10 o'clock. Names of
new members of the national com-
mittee were confirmed.

George R. Gorsuch nominated Fin-
ley C. Hendrickson of Cumberland.
The Maryland delegation cheered.

Arizona was called and Eugene
W. Chaffin placed in nomination the
name of Former Governor William

A "HURRY UP" ORDER GIVEN OHIO GUARDS

LAST EQUIPMENT RECEIVED
AND IS BEING SPEEDILY DIS-
TRIBUTED.

Troops Will Travel to the Border in
Tourist Sleepers, When They
Go.

Associated Press Telegram
Camp Willis, Columbus, July 21.
—With another "hurry up" order
received today by Major Robert W.
Mearns, senior mustering officer at
Camp Willis, from the Chicago
headquarters of the central army di-
vision, preparation of the Ohio na-
tional guard for border service was
expedited today. Major Mearns was
notified that last equipment for the
guard had been shipped and instruc-
tions were issued for its speedy dis-
tribution. Acting upon the sugges-
tion of haste, Colonel W. H. Duty,
quartermaster of the camp, was to-
day instructed to draft funds at once
to pay the national guardsmen for
the month of June. The pay has
been partially held up and the order
for payment was joyously received in
camp.

Ohio troops will ride in tourist
cars on the way to the border. As-
surances of this have been received
at Camp Willis from the war depart-
ment. The department has complet-
ed arrangements so that on two-
days' notice, a complete equipment
of tourist cars for all the troops can
be assembled at Columbus.

An issue of 153 pounds of bacon
found to be spoiled and refused by
the commissary of the Third reg-
iment yesterday afternoon, was re-
placed with good bacon.

Major Ernest Ruffner, of the reg-
ular army, who has been in charge
of the physical examination of the
troops, will be made sanitation officer
as soon as his duties as exam-
iner are over. It is assumed he will
remain at the camp after the present
troops have been moved to act
when the new battalion reserves are
brought in.

Two deserters from Company K,
Third regiment, Dayton, were arrest-
ed in that city by police yesterday,
and will be returned to camp today.
They will be tried by a court martial,
which will determine their punish-
ment. The officers who caught them
will get rewards of \$50.

Second Lieutenant John M. Cool-
ey, will succeed First Lieut. Earl
L. Quillen of Company K. Third
regiment, dropped for physical rea-
sons. Charles Myer, former ser-
geant in the Fourth regulars, and
drill instructor of the Third reg-
iment, is slated to succeed Cool-
ey. Recommendations for these pro-
motions have been made by Colonel
Robert L. Hubler.

The Eighth regiment is now hold-
ing battalion drills. Squad and com-
pany drills are the only movements
which have been executed in camp
up to now.

NOW ADMITTED CARRANZA HAS SENT A NOTE

PROPOSING APPOINTMENT OF
JOINT COMMISSION TO
SETTLE QUESTIONS.

Arising Between Two Governments
—Three Questions Proposed to
Be Taken Up.

Associated Press Telegram
Washington, July 21.—While it
was admitted at the state depart-
ment today that a note had been re-
ceived from the de facto government
of Mexico under date of July 11,
proposing the appointment of a joint
commission to settle border diffi-
culties, officials refused to comment
upon the statement given out at
Mexico last night purporting to pre-
sent the text of the communication.

It was learned from an authori-
tative source, however, that the
Mexico City text, though substan-
tially similar, is not identical with that
presented by Eliseo Arrandondo,
Mexican ambassador designate, July
12.

Mr. Arrandondo saw Acting Sec-
retary Polk before the latter went
to today's cabinet meeting. It was
intimated some formal statement in
regard to the progress of prelimi-
nary negotiations might be given out
tomorrow.

The general impression prevailed
that a tentative agreement has been
reached along the general lines of
the Mexican proposal.

According to the Mexico City dis-
patch it is proposed that the com-
missioners take up three questions:
withdrawal of American troops from
Mexico, negotiations of a reciprocal
agreement for the passage of the
troops of either government across
the border in pursuit of bandits, and
an investigation of the interests be-
hind the bandit raid, the intimation
being that they were inspired by
those on both sides of the boundary
who desire intervention in Mexico.

Secretary Polk took with him to
the cabinet meeting a memorandum
of his conferences with Mr. Ar-
randondo, which he supplemented with
a verbal report of his latest meet-
ing with the ambassador.

Representative Madden, Republi-
can, introduced a resolution today
calling on President Wilson to in-
form the house why the national
guard is being kept on the border
and if there is still an emergency
situation in Mexico.

VILLA'S FAILURE TO

BLOW TO FOLLOWERS.

Associated Press Telegram
El Paso, Tex., July 21.—Passen-
gers arriving here today from Parral
say that Villa's ineffectual attempt
to take that town a week ago Sun-
day was a far greater moral than
military defeat, so far as the band-
it's cause is concerned. Before
the attack Villa was regarded with
awe by the populace of the Parral
district, the arrivals said, but now
the natives pride themselves on their
loyalty to the de facto government.

LAST STAGE REACHED ON NAVAL BILL

DEMOCRATIC SENATORS CONF-
IDENT ADMINISTRATION MEAS-
URE WILL PASS.

Opponents Ready With Fire of
Amendments for Reduction of
Large Naval Building.

Associated Press Telegram
Washington, July 21.—The naval
bill reached its last stage toward
passage in the senate today with
opponents of the large building pro-
gram ready with a fire of amend-
ments for reduction. Democratic
senators, however, were confident
the administration program would
prevail.

The vote was delayed by a renew-
al of the controversy between Sen-
ator Reed of Missouri and Senator
Oliver of Pennsylvania. Senator
Penrose, during the Mr. Reed's ab-
sence from the chamber, got the
unanimous consent of the senate to
print as a public document the
Bethlehem Steel company's pub-
lished arguments against a govern-
ment armor plant. When Senator
Reed returned and learned of it, he
denounced the action as a "shame-
less proposition and an outrage,"
and declared the company's state-
ments were false and misleading.
Senator Oliver challenged Mr. Reed
to show the statements he referred
to.

"The senator from Pennsylvania,"
Senator Reed replied, "had the cool
assurance, after admitting that he
exacted steel stock, to stand up here
and attempt to vote money into his
own pocket by supporting the bill
which would help the Bethlehem
Steel company. If the senator were
a judge he would not be permitted
to vote on this issue."

Sensor Oliver denounced the
statement, asserting that Senator
Reed was attempting to avoid his
challenge.

Sensor Penrose finally withdrew
his request for publication of the
company documents and said he
would attempt to hold the senate
to its agreement.

Sensor Cummins' amendment to
reduce the number of dreadnaughts
to be constructed in three years
from ten to two and battle cruisers
from ten to four was rejected sixty
to fourteen. Three Democrats, Sen-
ators Lane, Thompson and Varda-
man, voted for it.

An amendment by Senator Town-
send of Michigan to reduce the num-
ber of dreadnaughts from ten to
five also was rejected. The vote was
58 to 15.

Captured From Germans In

By Austrians.

The Anglo-French offensive in
Northern France is being vigorously
pushed. Today's reports show the
French holding tenaciously to
ground gained and the British fight-
ing their way further into the Ger-
man line.

Driving north from Bazentin and
Longueval toward Bapshume, Gen.
Sir Douglas Haig's troops have ad-
vanced as far as the Foreaux wood.
The British rush even cleared this
wood, but subsequently the Germans
were able to win back a part of it.

South of the Somme, the French
have been able to hold trenches cap-
tured in their drive along a five-
mile front on Thursday, withstand-
ing a vigorous counter-attack. South
of Soyecourt, on the French right,
according to the French war office,
the Germans were driven back in
disorder, sustaining serious losses.

Special dispatches from Copenha-
gen to London report the capture
by a German warship of the Ameri-
can sailing vessel Prince Valdemar,
bound from an American port for
Sweden with a cargo of oil. The
British steamers Yzer and Grange-
moor, both vessels of somewhat
more than 3,000 tons, are reported
sunk. Vienna announces that two
submarines, one of them Italian,
have been destroyed in the North-
ern Adriatic by Austrian torpedo
craft.

The succession of advances by the
Russians in Turkish Armenia has
been added to by the capture of
Gumushkhan, 40 miles northwest
of Balbrut.

The forward drive here has car-
ried the Russians westward to a line
even with the important city of Er-
zizman, which is the objective of the
Russians advancing from Mamakhatun.

Associated Press Telegram
Asheville, N. C., July 21.—Food
shortage in many of the more re-
mote sections of western North Caro-
lina, which was swept by last Satur-
day's floods, was reported today and
information here was that at some
places, notably Mortimer and Col-
lettsville near Hickory, the popula-
tion actually faced starvation unless
speedy relief was forthcoming. Fed-
eral aid already has been asked for
the people of Morgantown and vicin-
ity and Wilkeboro. Latest reports
today told of great destruction by
the floods in parts of Wilkes, Ashe
Watauga and Alexander counties and
it was in those counties that the
greatest suffering among the people
existed. In many places the people
were said to be living on potatoes
alone, all other food stuffs having
been carried away by the flood wa-
ters.

Seven additional fatalities were
reported over night, and the death
toll of the floods now stands at from
80 to 90. Reports yesterday that ten
persons had met death at Alta Pass
are denied and it there were no fa-
talities there, the known toll of life
is 80.

Accounts of property destruction
continue to be received as couriers
arrive from stations of the state still
cut off from communication.

The Virginia and Carolina rail-
road was badly damaged in Asheville
and Watauga counties and the Wa-
tauga and Yadkin valley railway to
Grandin in Caldwell county, is said
to have been almost destroyed.

From Black Mountain to Catawba
railroads are reported to have been
washed out in many places on the
mountain sides, while huge land-
slides have covered the rails at a
number of places. Several weeks
probably will be required to repair
the road's tracks, it is stated. Two
tunnels near this city also are re-
ported impassable.

Mr. Will O'Bannon of 666 West
Main street, has received a telegram

Mrs. Oliver O'Bannon and their two
children, Ruth Syrens and Oliver
O'Bannon, have been spending some
time at Asheville, N. C., stating that
they were located two hundred feet
above the railroad and the cotton
mill and tenement district of Ashe-
ville, which were flooded.

Mrs. O'Bannon states that there
has been no trains into Asheville
since last Saturday and that there
are no lights or street cars operat-
ing and that only one bridge is left.
There is plenty of produce in the city
and more is coming in from the
country so that they are not suffer-
ing for foodstuffs.

3000 Attend Reunion of Soldiers; Old Guard From Newark Aid in Ceremonies

An awakening to the natural
beauties of the place and an appre-
ciation of the work of Artist Baugh-
man in carving life-size figures of
Civil War heroes and our Presidents
from massive rock has resulted in a
movement to secure federal and state
aid for acquiring and further im-
proving Baughman's Memorial park
at Black Run as a public park.

Civil war veterans, present at the
soldiers' reunion and dedication of the
Mooney memorial cannon Thurs-
day, conceived the plan of securing
funds from the government and
state to preserve the work of Artist
Baughman, making the park the
public playground of posterity while
serving as a monument to the
valiant heroes of the republic. The
veterans of four counties will foster
the movement.

Fully 3,000 visitors were present
for the annual reunion at the park
Thursday. It was the biggest crowd
ever entertained at the park. Large
delegations were present from Za-
ville, Newark, Coshocton, Frazee-
burg, Dresden, and Columbus, while
veterans from all parts of Musking-
um, Licking, Coshocton and Fair-
field counties were there to meet

fellow veterans and discuss the
thrilling days of '61 and '65. It was
a great day for the veterans. They
were so enthusiastic over the gath-
ering that the movement to make the
park one of the national parks, re-
sulted.

Governor Willis was there. A re-
ception committee composed of D.
Brice Baughman, owner of the park,
Colonel Playford of Zanesville,
Chairman Captain John Evans of
Frazeeburg, F. M. Fleming of Nash-
port, and Mr. Frazier, escorted the
governor and J. M. Carr of Barber-
ton, and Mr. Jones of Columbus to
the park in automobiles from New-
ark. On reaching the park the chief
executive of the state was introduced
to the waiting throng and delivered
an address. A glowing tribute was
paid the glorious victories of the
veterans and from the brilliant
record a lesson for their children
was drawn. The governor was en-
thusiastically received and was given
an ovation at the conclusion of his
address. During the day a number
of addresses were delivered by vis-
itors from each of the towns repre-
sented. At the conclusion of the

R. HACKNEY, ASSISTANT SECRETARY AND GENERAL MANAGER of the Newark Artificial Stone and Plaster company, is a product of Dresden, O., who came to this city in 1904 and assumed charge of the Newark plant. Since coming here Mr. Hackney has introduced a new formula of his own for the manufacture of the "Famous brand" asbestos stucco, which has been meeting with great success since it appeared on the market five years ago. Mr. Hackney was born in Dresden and attended school near that place. He entered the plaster business at Dresden and for six years previous to coming to this city was in charge of a plaster concern in his home town. He is a member of the Knights of Pythian and holds the office of Second Lieutenant in the Uniform Rank, and is a very active member of Newark lodge, having been transferred here from the Dresden.

PRESIDENT ASKS THAT FOOD MAY BE SENT POLAND

(ASSOCIATED PRESS TELEGRAM)

Washington, July 21.—Personal messages were sent by President Wilson today to European rulers urging their co-operation in getting food supplies from the United States to the starving people of Poland. Efforts in the same direction, directed through the state department to the foreign offices of the countries involved have met with failure. The President desires that France, Great Britain and Russia allow the passage of the foodstuffs and that Germany and Austria-Hungary guarantee that the food will be given to the civilian population and not seized by the armies of occupation.

A "HURRY UP" ORDER

(Continued from Page 1.)

soldiers have arms and uniforms now and present a much better appearance at drill. The big review of the Second Brigade before Gen. John C. Speaks, its commander, Friday, will show how far the troops have progressed since coming to camp three weeks ago. The government does not want boys under 18 for military service. This word has just come from Washington. A month ago an order was issued to take recruits as young as 16 if the parents' consent was given. The new order would indicate that the government does not regard the necessity for troops as pressing now as a month ago. Then the Mexican situation looked ominous. On arrival of an extra pair of shoes for each man of the Eighth regiment seemed to depend today just when the First Ohio National guardsmen will "break camp" and entrain for El Paso. "There is some uncertainty as to

whether we are to get what we need to complete 'equipment C' while we are enroute to the border or have it supplied to us after we get there, but in any event we cannot leave Camp Willis until our men have the extra shoes, which we are told have been shipped," declared Col. Edward M. Voltrath, commander of the Eighth regiment today. "I am convinced the war department intends to send not only my command, but every guard unit here to the border just as soon as possible," he added. Announcement that another "hurry up" order from departmental headquarters had been received by Major Robert W. Mearns and that additional dispatches from Chicago contained advice that all equipment requisitioned by guard commanders here had been shipped Tuesday indicated, in the opinion of officers that orders to move Ohio troops will come sooner than has been expected the last few days.

Surpassing these indications in interest, however, was the statement today that Col. William H. Duffy, camp quartermaster, has wired to Chicago for money with which to pay the guardsmen for the eighteen days during June they served. Many of the men have been without funds for weeks, it having been thirty-four days since they answered President Wilson's call, and word that they are soon to get money was the best word they have had since coming to camp, as one trooper asserted. Several cases of what is believed to be measles in a mild form were discovered today in Company L, Eighth regiment from Galion. It was not stated, however, whether it is the intention of camp medical officers to quarantine this company. If this is done this unit may be prevented from accompanying the rest of the regiment to the border. Officers stated that as soon as funds are forthcoming for the payment of the soldiers' services for June, privates will receive \$5, corporals \$8.40, duty sergeants \$12 and first sergeants \$18. Their pay for this period will be computed at rates provided in the army reorganization bill adopted June 3.

FOOD RIOTS IN BELGIUM BROKEN UP BY GERMANS

(ASSOCIATED PRESS TELEGRAM)

Rotterdam, July 21, via London, 6 p. m.—Food riots which broke out in Belgium and Northern France have been suppressed by the German military authorities, according to reports received here from reliable sources. The rioting was especially severe at Liege, Verviers, Roubaix, Renaix, St. Nicholas, Lokeren and Termonde.

The shortage of food which resulted in the riots, according to the relief agencies, was due to the shortage of tonnage which is not likely to be corrected as the German government definitely has refused to consent to the plan to use interned German ships to bring relief food and because of the embargo which the German authorities have placed on the import into Belgium and northern France of native food supplies which, especially meats and fats, have done much to supplement the supplies sent into the occupied regions by the commission for relief in Belgium.

REPUBLICANS ARE RULED OFF TICKET IN LUCAS COUNTY

(ASSOCIATED PRESS TELEGRAM)

Toledo, July 20.—Six candidates for county and legislative offices were today ruled off the Republican primary election ticket. They are Aaron B. Cohn for prosecuting attorney; James Nye for representative; William T. Colter for state senator; Roy E. Davis for county commissioner; J. F. Kelly for sheriff and Arthur J. Hatch for county surveyor. All except Kelly were former Progressives, and none of the six would declare that they had voted for a majority of the candidates on the Republican ticket at the general election in 1914. The vote of the election board was 3 to 1 in favor of ruling off the candidates.

Wm. T. Matson, Republican, voted with the Democrat members, John A. O'Dwyer and L. J. Dennis. Frank L. Baird, Republican, voted no.

TELEGRAPHERS OF B. & O. DIVISION TO MEET IN NEWARK

Preparations were being made today by Edward Vanatta, local chairman of the Order of Telegraphers for a meeting to be held this evening at the Warden Hotel. Arrangements have been completed with the management of the hotel for the accommodation of about 25 men who are expected to be in attendance at tonight's meeting. The operators to be here tonight are members of the Baltimore and Ohio System Division No. 33, Order of Railway Telegraphers. Mr. Vanatta when seen today did not care to state the purpose of the meeting, saying it might be called a regular meeting, as such affairs are held about every three months. Neither did he care to state the nature of the meeting at this time, but said there might be something for publication following the meeting.

Sulzer of New York. His speech was punctuated with applause and when he concluded with the declaration that Sunday school politics have prevailed too long in the Prohibition party and we now need a statesman as our leader. The demonstration lasted four minutes.

Dr. Grifton D. Day, nominated Dr. James Gilbert Mason of New Jersey, Daniel A. Poling of Boston, seconded the nomination of Mr. Hanly.

John C. Coffin of Florida seconded the nomination of Mr. Sulzer. The platform expresses opposition to the wasteful military programs of the Democratic and Republican parties, but favors "preparedness for peace." It suggests a "compact among nations to dismantle navies and disband armies, 'but until such court and compact are established, we pledge ourselves to maintain an effective army and navy and to provide coast defenses entirely adequate for national protection."

MORE PROTESTS OF DEUTSCHLAND TO BE EXPECTED

(ASSOCIATED PRESS TELEGRAM)

Washington, July 21.—Further protests by the British and French embassies against American recognition of the German submarine Deutschland as a merchantman were considered a possibility today by state department officials. Clearance of the vessel it was thought might draw from the allies a more definite objection than the informal complaint lodged at the department on the submarine's arrival.

So far the embassies have suggested only that the Deutschland is a potential warship. Additional representations, it is expected, would suggest that the vessel lacks many characteristics essential to a merchant ship and might even attempt to hold the United States liable for submarine might do to allied shipping after she leaves American waters.

Note the Notes

Songs on the Top Wave of Popularity

THRILLING patriotic ensembles like "Young America—We're Strong For You" and "We'll Never Let the Old Flag Fall"; hits that are hits, like Al Jolson's singing of "I Sent My Wife to the Thousand Isles"; and comic sentimental song-successes like "I've Got a Sweet Tooth Bothering Me" from Lew Fields' latest show "Step This Way" and "Songs We Used to Sing in Dixieland," a Remick song-gem that is sweeping the country.

Music of a very different sort is Casals' marvelous handling of the 'cello in Saint-Saens' "Allegre Appassionato" and Haydn's "Minuet in C Major."

Also in the August List

Kathleen Parlow's inspired playing of two brilliant violin compositions by Kreisler and Svendsen, Graef's inspired rendering of two beautiful old time hymns and Rother's great basso in the immortal anthem "L. Marschlaie" rank quite as high in artistic interest. As examples of another side of the month's list, here are:

A 2025 HURRY BACK TO MY BAMBOO SHACK. Henry Burr, Tenor.	A 1992 SWEET IS TIPPERARY. Mary O'Rourke, Soprano.
10 inch 75c. SAMOA (Some More). Campbell and Burr, Tenor Duet.	10 inch 75c. MA LITTLE CURLY HEADED BABY Mary O'Rourke, Soprano.
A 2015 GWINE TO RUN ALL NIGHT. H.C. Brown, Banjo and orchestra.	A 2019 MY GRANDFATHER'S GIRL. Peerless Quartette.
10 inch 75c. ROLL OUT, HEAVE DAT COTTON. H.C. Brown, Banjo and orchestra.	10 inch 75c. THROUGH THESE WONDERFUL GLASSES OF MINE. Campbell and Burr, Tenor Duet.

Music of Universal Interest

Varied and charming is the balance of the list: eight rhythmic dances; the Tartar Ballet from "Prince Igor," (a valuable orchestral triumph); violin gems, banjo solos, instrumental tunes; vocal choruses, quartets and solos; novelties on the harp, gypsy cumbala and Hawaiian guitar. The St. Louis area orations add further novelty to this extensive and entertaining list—a list that you'll enjoy hearing at your dealer's.

FAST TIME IS EXPECTED AT N. RANDALL

GRAND CIRCUIT PROGRAM CLOSING AT CLEVELAND WITH TODAY'S EVENTS.

Track is Fast after Heavy Rain Thursday—Geers, See His Horse Win Tomorrow's Race.

(Associated Press Telegram)

Cleveland, July 21.—Getaway day at the grand circuit meeting at North Randall track today brought the coolest weather of the season, a cloudy sky. Following yesterday's heavy down-pour of rain just after the racing was completed, the track was expected to be very fast and with the speediest event of the week on the program the free-for-all pace, it was anticipated that the best time of the meet would be hung up and perhaps records broken. In addition to the free-for-all the card included the 2:15 pace, the 2:13 trot and the 2:06 trot.

Grand Chimes, from away down in Louisiana, tramped on the Northern-bred trotter yesterday and walked off with the Tavern Stake, the first event raced under the new limitation plan on the 1916 circuit. In winning Grand Chimes proved himself to be one of the best trotters that have been uncovered this season.

It was a bitter battle. Grand Chimes was nosed out in the final heat by Busy Lassie, but to Grand Chimes the honor of the speediest trot at least he was the class of the field.

The Tavern "Stake" was rather an experiment. The field was limited to horses that have never beaten 2:15 or won more than \$2000 gross. The race developed into one of the grandest in the history of the circuit, and the time was just about as fast as it would have been if the Tavern had been a 2:10 trot, as in the second and third heat the time was better than 2:06.

The field in the Pace open 3-year-old trot narrowed down to three when the horses were called and, as two of them were members of Tommy Murphy's stable, there was practically no selling, and it was the Murphy stable that got most of the money, with Adele Block, the third member of the race, getting third. Maple Tree easily had the speed of the trio, taking the first and third heats.

With Pop Geers watching from an automobile stationed at the upper draw state, Dick McMahon took over the mount behind Hal Phlox E in the 2:15 pace, and proceeded to delight the fans by keeping the erratic son of Empire Direct on a pace long enough to win two heats and first money.

Azure's ability the mare that won 15 out of 16 races on the two grounds, made her mile track debut in the 2:16 trot, going to the post a strong favorite. With Tommy Murphy having the mount, she simply trotted her field into the ground. Summary:

Time 2:09 3/4, 2:08 3/4, 2:08 3/4. The Pace sweepstakes, two in three, open to all 3-year-old trotters, value \$3000.

CONNIE MACK'S ATHLETICS TO BE HERE SUNDAY

Manager Eddie Schimpf of the Fitzsimmons team of the Capital City League Sunday will offer what is probably the only opportunity this season to see a major league club in action at Weir Park. He has arranged for the appearance of Connie Mack's Philadelphia team in an exhibition game with the Fitzsimmons boys, who will up in the Capital City League.

Mack brings to Newark such stars as Strunk, Melinus, Selang, Tajole and others well known to followers of baseball.

The big league game probably will start at 3 o'clock. The game is preceded by the regularly scheduled game with the Schullmans of the Capital City League. Both will be played for the one admission price.

OHIO STATE LEAGUE QUIT FOR SEASON TO PREVENT LOSSES

Portsmouth, July 21.—Due to poor attendance and financial losses, the Ohio State League today decided to close the season. This league has been in existence for the last several years. Many players now in the major leagues saw their first professional services in this league.

Most of the players with the four teams that joined the league have been placed at different cities. It is said that plans already are being laid for next year, when an eight-hub league will be formed that will be stronger than the circuit has ever been.

ADOLPH GREY GOES FIVE HEATS FOR PHOENIX PURSE

Findlay, July 21.—Adolph Grey, a Sandusky gelding, has to go five heats to win the \$2000 Phoenix Purse of the Ohio Racing Association today. The gelding is owned by Billy Mohr, one of the best trainers in the state.

RUDY HULSWITZ JOINS THE HENS PLAYS SECOND

Toledo, July 21.—Rudy Hulswitz, who resigned recently as manager of the Columbus club in the American Association yesterday signed a contract to play with Toledo. The former Columbus man immediately went to work at second base in place of Gardner who is out of the game on account of lameness.

Matty Traded at Own Request; In Charge Today

Cincinnati, 21.—After an absence of 16 years, during which time, as a member of the New York Giants, he made a reputation as being the premier pitcher of the professional baseball circuit, Christy Mathewson returns here today to manage the Reds, the team that allowed him to slip through its fingers without a trial.

Some years ago Manager McGraw of the Giants established a rule he would never ask Mathewson to retire from a game in which he was pitching. In principle, this rule was adhered to the last, as a statement issued by President Henkle of the New Yorks today revealed the fact that it was not until "Matty" had asked for permission to negotiate for a managerial berth that the idea of trading him entered their minds.

The deal was consummated at noon yesterday after a two-hour conference between President's Herrmann and Henkle and Manager McGraw of the Giants. New York's Mathewson, by attaching a string to Mathewson which would subject him to recall after two years. At the conference yesterday Henkle and McGraw finally agreed to allow Mathewson to become the exclusive property of the Cincinnati club.

HERZOG PLAYS TODAY.

Chicago, July 21.—A new lineup will be presented by the New York Nationals in today's game with the Cubs at Madison Square Garden. Charles Herzog, former manager for Cincinnati, will be doing duty somewhere in the infield, while Christy Mathewson, former veteran pitcher for the Giants, will be holding Herzog's old position as manager of the Cincinnati Reds.

Manager McGraw is expected to settle the matter of Herzog's exact location in the New York team upon his return from Cincinnati today. As such as Fletcher is able to return to the line-up Herzog, it is said, will be placed at his old station, third base.

Modern Parsimony.

In the books we used to read, one
of the most common characters was
the miser. And he was no mere
creature of the imagination. You
could find specimens of him in every
village. Thrift was one of the
commonest American qualities, and
everywhere you could find those
who carried the virtue to extremes.
Often they retired to lonely huts in
order to save expenses and common-
ly they lived in dirt and squalor.

The present is an age of confi-
dence and free spending. Many peo-
ple acquire an automobile before they
get a bank account. As a re-
sult there is a scarcity of loanable
capital, and many hopeful enterprises
perish because they can't be fi-
nanced.

One of the most interesting cases
of thrift carried to an extreme is
that of Mrs. Hetty Green, richest
woman in the world, whose death oc-
curred a few days ago, and whose
eccentric frugality has long been a
subject of gossip. It would not be
fair to Mrs. Green, or others like
her, to refer to her as a modern
miser. The miser used to withdraw
wealth from circulation, finding
pleasure in the mere sight and touch
of golden clinking coins.

People of the Mrs. Green type at
least promote general prosperity by
lending out their hoards for pro-
ductive enterprises. While it is not
a career to be held up for emula-
tion, it is at least more of a public
benefit than that of the man who
spends as fast as he earns and never
increases the resources of the com-
munity.

Parsimony is not so common a
fault nowadays that many people
need to be warned against it. There
are a great many persons who are
exceedingly frugal when it comes to
giving to charity, who spend freely
enough for their own gratification.
But there are always some one who
lives with mean economy from a
timid fear lest they become depend-
ent. From the business viewpoint
it is poor policy, as one needs to live
and spend in a normal way in order
to make friends, experience life, and
understand the world. While the
parsimonious man is saving little
wastes, he is often missing oppor-
tunities that otherwise he would see
and grasp.

I have heard it," says he, "but I

him out o' his misery," he says, "so
I don't see why I'd be expected to

you'll have to pay it," he says, Which
she does.

Aunt Callie

Does an intelligent and persistent
campaign against flies pay? It
does. Cleveland has been several
years and there are only two flies
in Cleveland. We know for we
sent a class which cannot govern
Mexico.

The United States has backed Car-
ranza in the belief that he represents
popular government, and that those
whom Mr. Juarez describes as the
substantial and responsible element
are the Cientificos who supported
Diaz and Huerta, and would probably
support any man who could keep
down the bandits. But Mr. Juarez,
presumably a Cientifico himself,
says, "He has behind him foreign
influences which the Mexican people
believe would place the resources of
his country in pawn for 100 years."

According to this, it is Venustiano
Carranza who is the tool of Big
Business.
A like unfavorable opinion is that
of J. F. Beltran, for 20 years a mem-
ber of the Mexican Senate, who says
of various leaders "whose one idea
is to foist themselves into power
over the heads of the ignorant low-
er classes," that "the worst of all
these is Venustiano Carranza, who
in the hope of furthering his own
ends has laid all his plans, conduct-
ed his diplomatic actions and dis-
tributed his troops in such a manner
as to produce if possible war with
the United States." Either the ar-
rival of the National Guard, or the
resuscitation of Villa, changed his
plans.

The Mexican people are inert.
They are doing nothing to save their
country. Is there a Mexican people
capable of governing itself? If so,
why does it not act? If not, we have
put our money on the wrong horse.

Did You Know

That the Hippocratic Oath was a
solemn engagement entered into in
ancient times by young men about
to commence the practice of medi-
cine? The formula, which is at
once comprehensive and binding, it
ties the asseverator down in the
most rigorous manner, to the prac-
tice of his profession on the highest
principles of humanity and honor,
and pledges him to the most disin-
terested and exalted brotherhood
with all those who are connected
legitimately with the healing art, and
to acts of kindness toward their off-
spring. In addition, it deals with
the whole tenor of his morals, and
essays to secure the utmost purity
in this relation.

Spirit of the Press

Why a "Change?"

The gentlemen who are now begin-
ning to busy themselves with the
job of electing Mr. Hughes declare that
the country wants a "change."
What evidence is there of any such
desire?

The country wants a change only
when things are in a bad way. It
is then eager to change on the theory
that things couldn't be worse and
might be bettered by the change.
How about it today?

The country never was more pro-
perous and contented than it is now.
Its foreign relations have been made
satisfactory by the vigorous diplo-
macy of President Wilson. The Mex-
ican problem seems on the way to
a sensible, honorable and peaceful set-
tlement.

What is this "change" that is sup-
posed to be wanted? What has Mr.
Hughes to offer that the country
does not already possess?—Boston
Post.

Pan-Americanism.

Pan-Americanism is practically
a fact today. The two most war-
like nations of South America, for-
merly bitter foes—Chile and the Ar-
gentine—are now the closest
friends; the United States has set
the world an example of patience
and forbearance in dealing with
poor, revolution-torn Mexico; there
is a new comity and fellowship be-
tween North and South America.
Just at the hour when the waste and
folly of warfare coming home to
the mind of man with a new force
the wisdom and prudence of rela-
tions of friendly co-operation be-
tween groups of nations is being il-
lustrated on a scale new in history.
There is dawn on the horizon as well

Advertising in China.

In addition to the newspaper ad-

to be making much use of billboards

in two sizes, the larger size two and

These posters are profusely illustrat-

tising in China.—Chicago Herald.

Why Lincoln Studied Law.

A story has been current for many
years to the effect that Mr. Lincoln
received his inspiration to study law
from having become possessed of a
dilapidated set of Blackstone's Com-
mentaries, which had been cast
aside by someone as waste paper
somewhere in the neighborhood of
New Salem, where he resided at that
time, but the story appears to be
without foundation, for he himself
said that Stuart advised him to
study law during his first campaign
for the legislature, and at the same
time offered to lend him the neces-
sary books; that the offer was ac-
cepted and the books taken to his
home for study. Had he been sup-

Society

Miss Anna Lavery entertained the Kantebeus club at her suburban home in West Church street, Wednesday evening. After an exciting game of euchre, the first prize was awarded to Miss Lillian Ruff and the second prize was won by Miss Hazel Stael. A "corn contest" afforded much amusement during the evening and the prize was awarded to Miss Martha Freil. The house was artistically decorated throughout with sweet peas and greenery. A tempting luncheon was served by candlelight in the dining room, which was artistically decorated with the club colors, blue and gold. The merry crowd left at a late hour for the city, vouching the fact that it was one of the jolliest club meetings ever.

Those present were: Misses Hazel Stael, Bernadette Thornton, Lillian Ruff, Ethel Feeney, Martha Freil, Miss Stael, Jeanette Talbot, Martha Sasser, Irene Winters, Ruth and Agnes Schaller and the hostess.

Loughman-Erler.
Virgil D. Loughman and Miss Stella Erler were united in marriage at 7:30 o'clock Thursday evening by Rev. A. B. Cox in the United Brethren parsonage. The bride was attended by her brother-in-law and sister, Mr. and Mrs. George Layton. Mr. Loughman is a clerk in the Besancony furniture store, and the newlywed couple will make their home with the bride's parents, Mr. and Mrs. George Erler in Oakwood avenue.

Armstrong-Steinhauer.
Harry L. Armstrong of Detroit, Mich., and Miss Alma K. Steinhauer were married Thursday evening at 7 o'clock, by the Rev. Grover L. Diehl at his home. They were accompanied by Miss Ethel Applegate and Mr. Wm. Harrison. The bridegroom is the eldest son of Mr. and Mrs. R. C. Armstrong of South Bue Vista street, this city, and the bride is the daughter of Mr. and Mrs. H. Steinhauer of Cleveland, formerly of this city. After the ceremony they went immediately to the home of the bridegroom's parents, where a sumptuous three-course supper was served to the following guests: Mr. and Mrs. H. L. Armstrong, Miss Ethel Applegate, Mr. Wm. Harrison, Mr. and Mrs. R. C. Armstrong, Mrs. B. C. Burt and Mr. and Mrs. Frank Brougher. They will remain in this city for a few weeks, then go to Detroit, where they will make their home.

Mrs. Frank Robinson. formerly Miss Esther Mayer, was the guest of honor of the Ladies of the Macedon at their regular session, Wednesday afternoon. Mrs. Robinson was presented a handsome present by the ladies. Light refreshments were served.

The Krochea club held its regular meeting on Wednesday afternoon at the home of Mrs. J. E. Stewart in West Main street. After the regular business session the hours were spent in crocheting, and a delightful social time. In the contest Mrs. J. E. Montgomery received first prize, and Mrs. Wm. Wiener the consolation trophy. The hostess served a dainty two-course luncheon. The club adjourned to meet on Wednesday, August 2, with Mrs. William Frankenberg in West Main street.

Taylor-Claggett.
Mr. William Taylor and Miss Viola B. Claggett were united in marriage last Saturday night at the home of Rev. W. D. Ward in West Locust street. The couple was unattended. Miss Claggett is the daughter of Mr. and Mrs. A. M. Claggett of Clay Lick, and the bridegroom, who is employed as a boiler-maker at the B. & O. shops, is the son of Mr. and Mrs. James C. Taylor of near Stadden's bridge.

Stael-Bebout.
The marriage of William H. Stael and Miss Mae Z. Bebout was solemnized last night at 8:30 o'clock by the Rev. W. D. Ward at his residence in West Locust street. The couple were unattended. Train Your Hair as An Actress Does

No class of people devotes as much time to beauty as do actresses, and naturally no class must be more careful to retain and develop their charms. Inquiry among them develops the information that in hair care they find it dangerous to shampoo with any makeshift hair cleanser. Instead they have studied to find the finest preparation made for shampooing and bringing out the beauty of the hair. The majority of them say that to enjoy the best hair wash and scalp stimulator that is known, get a package of cantrox from your druggist; dissolve a teaspoonful in a cup of water and your shampoo is ready. It costs less than three cents for this amount. After its use the hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

Milady's Boudoir

The Summer Beauty Box.
The summer traveler's beauty box should contain about everything necessary for looks and comfort at home and a little more. For one can buy the thing that runs out, but in the country village—in the wild wood—in a land where you do not speak a word of the language—you may be weeks without the beauty comfort you need. Then, indeed, the bottle of toilet water which you have forgotten to bring, the thimbleful of cold cream and the cake of good soap left behind, are appreciated blessings.

So fit your traveling beauty box with every convenience before you start upon your summer outing. Here are some of the things it should contain:

A comb with coarse teeth, a brush with firm bristles, cold cream, powder and toilet water; a cake of good soap, salt, borax and some soft, clean gauze. There must be, besides, all the utensils for manicuring, an eye cup, a pumice stone, a vial of peroxide, and various sorts of hairpins.

Buy for the receptacle a theatrical makeup box, or if it is not procurable in your town, take an old towel and sew up one end into four or more pockets. Actresses often carry their makeup in an ordinary towel, but by lapping over the end and running a line of thread for the pocket, the various things can be kept apart. When they are packed full the towel tightly from the pocket and stuff the trim roll into a tight corner of your handbag.

Since the trunk does not always arrive at its destination as quickly as the traveler, the handbag is always the place for the beauty box, such a convenience, if made of brown linen with a bright, braided edge is useful to hang up on the wall of the summer stateroom and may without ugliness deck that of the summer home.

LADDER BROKE, PAINTERS FELL TO LAWN BELOW

When a rung of a ladder which was used in supporting a scaffold broke at 10 o'clock this morning at the home of J. H. Keckley, corner of Hudson and North streets, Clifford and Dwight Roney, painters, fell 25 feet to the ground, severely bruising both men, and injuring Dwight's knee to the extent that the services of a physician were required. Had it not been that both fell on the lawn, the probabilities are that they both would have been injured seriously. As it was, the greatest discomfiture that they suffered was a liberal ducking with white paint from the buckets they were using in painting the house.

Our Boys and Girls

One of the very best safeguards for a boy is tools. They will occupy his spare time, give him something which he will enjoy doing, and teach his innumerable useful lessons. He can begin by building a bird house or a frog box to use when he goes fishing, or any rough, small article which will nevertheless serve a useful purpose of some sort.

As his stock of tools and his knowledge of their use increases, he will advance to more pretentious building. It will not be long before he will be offering to do some of the incidental repairing about the house, and he should by all means be encouraged in this, for boys are more sensitive than we often imagine, and if rebuffed at their first offer, they will seldom offer again, while if encouraged and if need be directed in their first attempts, they will in time become helpful and reliable about the home interests.

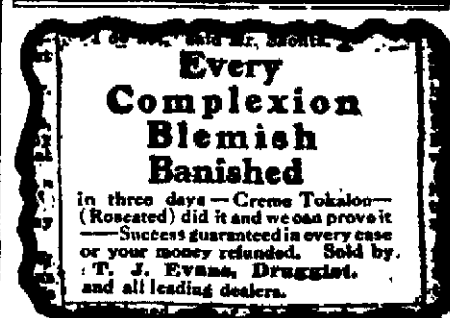

Some are inclined to think that any sort of a tool is good enough for a boy, but this is not the case. Neither is it advisable nor economical to buy the small tool chests with their diminutive and poorly

made contents. By far the better way is to buy one good tool at a time, getting those of quality which a carpenter would use, then teach the boy how to use and care for it before adding another to his store.

Everyday Etiquette

Columbus, July 21.—Wesley C. Bates, disbarred attorney at law, was formally expelled from the party by Columbus Socialists, Thursday night. At the same time, charges pending against Fred P. Zimpfer, city councilman, who had roused the ire of members of his party because of his membership in the Ohio National Guard, were dropped.

The charges against Bates were that he had solicited advertisements from candidates of other parties for The Weekly Forum, a publication edited by Bates, and that he had admitted voting for candidates of other parties when no Socialists were in the field. Bates said that he had to run whatever advertisements he pleased, as his paper is non-partisan. He also insisted that he had a right to vote for candidates when no Socialists were running. The expulsion was opposed by a number of Socialists.

ARRESTED FOR OBSTRUCTING THE HIGHWAY

Carl L. Rost, a prominent jeweler of Indianapolis, swore to an affidavit in Justice D. M. Jones' court late yesterday afternoon charging C. O. Harris, manager of a dissection plant, with assault and obstructing the highway.

Mr. Rost was returning with his wife and two daughters from a trip to New York city, and according to their evidence in Justice Jones' court, were driving west near Hanover, when they came up with Harris driving a truck on which was a dead horse. Mr. Rost signaled him that they desired to pass and states that Harris paid no attention to the signal. Rost drove slowly until he came to a place wide enough to pass and then signaled the driver again, but claims that the driver paid no attention to him.

Rost states that he then waited until he came to a place where he could run around the Harris truck and that when he attempted to do so Harris jockeyed and turned his car to obstruct the Rost machine. As he did so the car of the latter struck the truck resulting in a broken fender and hub of the former. The driver of the truck would not tell his name and Mr. Rost took the number of the auto license and secured the name in this city and subscribed to the affidavit.

The case will be concluded this afternoon, when the defendant's testimony will be taken. Mr. Yost is a member of the Indianapolis Auto club and of the Indiana State association, and stated before leaving for home last night that the two organizations had been the means of breaking up all such practices as he complained of.

(From Advocate, July 21, 1891.) Mr. John J. Carroll, the enterprising West Side dry goods merchant, recently presented the Children's Home with a handsome flag. It is one of the most beautiful flags we have ever seen.

Mr. S. L. James went to Columbus this morning where he has been attending court.

Mrs. W. D. Porter left for her home in Cincinnati, today, after a pleasant visit with the family of her uncle, Dr. B. F. Spencer, of North Fourth street.

15 YEARS AGO

(From Advocate, July 21, 1901.) Miss Alice McCune gives a tea party this evening in honor of Miss Bergin, of Concord, New Hampshire.

Messrs. Tom Evans, Frank Miller of Pittsburgh, Clyde Coule, were hosts this afternoon at a delightful picnic. Their guests were Misses Corinne Metz, Louise Hunter and Elizabeth Thomas.

Mrs. L. B. Wing and Mrs. Helsey were in Granville today, the guests of Miss Penny.

The World War a Year Ago Today—July 21.

Austro-German forces cut the Radom-Ivangorod railway line south of Warsaw, menacing Ivangorod. Their advance columns reported within sixteen, twenty-two and twenty-six miles of Warsaw on the west, north and south.

Russians prepared to abandon Warsaw.

The United States sent a third note to Germany relative to the rights of neutral passengers on merchant ships. The German note of July 8 was declared to be "very unsatisfactory" because it failed to meet the real differences and proposes a virtual suspension of accepted principles of law and humanity. Repetition of the incidents complained of must be regarded as "deliberately unfriendly."

A Glasgow (Scotland) paper says that there is an association which has existed for nearly 900 years. Such is the length of days achieved by Glasgow St. John Masonic Lodge. It received a charter of incorporation from Malcolm II, King of Scotland, as far back as the early part of the eleventh century.

A plant in Philadelphia for the compression of hay for the Allies was suddenly confronted by the loss of its electrical power. John H. Irvin, the owner, promptly brought a locomotive built in 1889, installed it in his factory, and is now running his machines by steam power.

Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET AND REDUCE YOUR WEIGHT WITH OIL OF KOREIN.

Lack of fresh air, it is said, weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Put out on by indoor life is unhealthy and as nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from W. A. Erman, Evans Drug Store or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

Amusements

Alhambra Tonight and Tomorrow.

The fox hunt scenes in the Jesse L. Lasky production of "The Dupe," which will be seen at the Alhambra tonight and tomorrow, with the popular screen star, Blanche Sweet, in the stellar role, were taken during the annual spring hunt of one of the most prominent hunt clubs in America. The Lasky company received permission to photograph these scenes with the understanding that the name of the club and its members were not to be revealed. At the completion of the picture the club members were invited to a special performance given in the dining room of the famous club-house, "The Dupe" is a Paramount release.

The Auditorium.

The Auditorium today and tomorrow offers what the management believes is one of the best pictures seen at this house so far, this season, that being the Triangle-Key-Bee five reel masterpiece, "The Stepping Stone," with Frank Keenan featured. In this Mr. Keenan gains new honors and strengthens the impression that he is one of the screen's foremost actors. His role is that of "The Lion of Wall Street," a man of ice and steel, and throughout he

shows wonderful acting. The story which sets forth what happens when a wife carries the burdens of the family, bolstering up her husband's weak will, and actually doing a large part of his work for him. Mary Boland, as his wife, is seen to good advantage. Robert McKim, as the husband, is almost a perfect selection for the part and makes the character thoroughly despicable. Others in the cast are Margaret Thompson, Joseph Dowling and others. With "The Stepping Stone," a two reel Keystone comedy, "Buckling Society," will be offered. To those afflicted with "Blues" or "The Grouch" we would advise taking a dose of "Buckling Society" at the Auditorium today or tomorrow.

Billy Burke and Gloria's Romance now being seen at the Auditorium each week, will be seen hereafter every Monday and Tuesday at the theatre in connection with the Metro wonder plays.

Lillian Gish in the Triangle photoplay, "Sold For Marriage," a five reel wonder and the two reel Keystone, "The Other Man," with Roscoe Arbuckle, will be seen at the Auditorium on Sunday.

Buckeye Lake Park.

Capt. Jack Bishop, Atlantic City is furnishing a thriller to the large crowds at Buckeye Lake Park by making a high dive from a 90-foot platform into the lake. Capt. Bishop makes two dives daily, one at 4 and the other at 8 p. m. Previously the dive has been made from a height of 75 feet.

Tomorrow the Pythians of Central Ohio will picnic at the lake. There will be various contests and the famous K. of P. band will furnish music throughout the day. Prizes will be given in the various contests, and Pythians and their families together with their friends will be present in large numbers. A good time is promised all who attend.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scales and the tape measure will tell their own story, and many thin men and women we believe can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all the new flesh stays put.

Sargol does not of itself make fat, but mixing with your food, it aims to turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. Much of this nourishment now passes from your body as waste. But Sargol works to stop the waste and do it quickly and to make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is safe, pleasant, efficient and inexpensive. Evans' Drug Store, W. A. Erman, 33 North Third street, and other leading druggists in this vicinity sell it in large boxes—forty tablets in a package—on a guarantee of weight increase or money back as found in each large box.

and lake visitors. It is located opposite Summerland beach and there is a good sand bottom. Boats run from the park to the beach at a round trip fare of 15 cents.

The dancing halls are open afternoon and evening and splendid orchestras furnish the program. There are scores of amusement devices and rowboats and motor launches can be rented by the hour. Spend the week-end at Buckeye Lake park and enjoy a few days of delightful lake breezes.

Keeping Faith With Our Customers

At the opening of the European war we exercised our exceptional buying facilities to the extent of a year's supply of merchandise thereby enabling us to turn out our standard product at the old price and make a reasonable profit.

For several months thereafter, by sacrificing profits, we continued to uphold our quality in order to maintain the reputation gained by fourteen years of honest merchandising.

Now we are confronted with the alternative of reducing our high standard of quality or increasing the price.

Our conception of our duty to the buyers of UNITED WOOLEN CLOTHES is that we should not permit our standard of quality to be lowered one iota, but instead we should increase the price a sum sufficient to cover the actual increase in the cost of raw materials.

We will, therefore, effective September 1st, increase our price to—

In order to give our customers fair notice of this change in price we will continue to tailor clothes at our old price of \$15, up to and including August 31st.

WOMAN A PHYSICAL WRECK

Tell in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis. — "Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more." — Mrs. P. L. BRILL, 1299 Booth Street, Milwaukee, Wis.

The most successful remedy for women's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

ANGER

OF RUSSIA AROUSED OVER THE TORPEDING OF HER HOSPITAL SHIPS.

And Turkey is Notified That Henceforth The Hague Convention Will Be Disregarded.

(Associated Press Telegram)
London, July 21. (A. P.)—A Russian minister of foreign affairs has informed the Turkish government, through the ambassadors of the United States and Spain, that Russia will henceforth disregard the principles of The Hague convention as far as Turkish hospital ships are concerned.

The Russian hospital ship Portugal was sunk by a submarine in the Black Sea, last March. There were a large number of wounded on board at the time and 115 lives were lost. It was at first stated that the ship had been sunk by a German submarine but Turkey later accepted the responsibility, declaring that the ship did not fly the Red Cross flag and was mistaken for a transport. On July 9 the Portuguese was torpedoed and sent to the bottom while on her way to Batum to embark wounded soldiers. The official report of the disaster made no mention of loss of lives or of the nationality of the submarine.

AUSTRIA'S ALLIES WILL BE TREATED SAME AS ENEMIES

(Associated Press Telegram)
Rome, July 20, via Paris, July 21. (A. P.)—A ministerial decree was issued today placing the persons and property of Germans on the same footing as those of Austrians and Hungarians. The decree does not directly mention Germans but states that allies of Austria are to be treated as enemies and their subjects and goods are liable to requisition.

Prior to the war, German property and interests in Italy were estimated to be worth \$250,000,000. Their value is now placed at about \$150,000,000. There are only a few German subjects in Italy, and these would be either placed in concentration camps or sent across the Swiss border.

DODGE AND FORD CARS COLLIDE IN COVERED BRIDGE

We have heard of all kinds of accidents, but we never before have heard of accidents among motor cars. Despite the laws of science which would declare that automobiles are inanimate bodies, a Ford and a Dodge car became almost inseparably entangled in one another's embrace when they met in the middle of the covered bridge this side of Frazerburg at 5:30 o'clock yesterday evening. So great was the attraction between the Ford and the Dodge that they kept 40 other cars waiting for 35 minutes to cross the bridge, and the services of a monkey wrench finally were required to separate the two who were so desperately entwined. A rear wheel of the Dodge and the bumper of the Ford were removed, and the embrace was broken. The 40 cars which were delayed in crossing the bridge were returning from the old soldiers' reunion at Black Run.

To add further humor to the situation, it was evident that the Ford had ignored the name plate of the Dodge. The owner of this car asked of the owner of the Ford whether he read the name plate on the Dodge car. The owner of the Ford replied in the negative, to which the owner of the Dodge answered, "Well, the next time we meet in the road, you read the name on this car, and Dodge. Get me?"

5 Enlisted Men Lose Lives While On Pleasure Cruise

(Associated Press Telegram)
Honolulu, July 21.—The navy tug Xavajoi and the lighthouse tender, Columbine, have abandoned search for the five enlisted men of the engineer corps from Fort Shafter, who put to sea last Saturday for a pleasure cruise in a fifteen-foot whaleboat.

The missing men are: Corporal Wm. O'Reilly of Mount Vernon, Ind.; Private Raymond W. Kinker, San Diego, Cal.; Private Thomas W. Murphy, son of the Rev. Hodge Murphy, Marietta, Ill.; Private Michael Clarke, San Francisco; Private Silas P. Birdsall, California.

The whaleboat was equipped with auxiliary power in addition to sail. The waters off Oahu where the missing soldiers were cruising are infested with sharks, and if the launch, as the military authorities express fears that it did, the men would have had little chance of saving themselves.

PNEUMONIA TAKES OLD TELEGRAPHER

(Associated Press Telegram)
New York, July 21.—W. L. Waugh, known to telegraph operators over the country as "Fat" Waugh, died from pneumonia here last night. Mr. Waugh was born in Fulton, N. Y., in 1870, and began his telegraph career as a messenger boy at the age of twelve. He was graduated as an operator for the Western Union at the age of 14, and after a few years of varied employment entered the service of the Associated Press. Owing to ill health he was placed, on the retired list of the Associated Press a few weeks ago.

Waugh's beautiful "morse" is a tradition not only in the Associated Press service but among telegraphers everywhere. For many years he was the sending operator in New York on the trunk circuit between New York and Chicago.

Mad Dog Killed With Table Leg at Summit Sta.

(Special to The Advocate)
Summit Station, July 21.—Mr. William Ingham, who moved his family from Columbus to this place, brought a six months old bull pup with him. The pup rode on top of the wagon all the way from Columbus in the hot sun, and upon arriving here showed signs of rabies, biting and chewing things and frothing at the mouth.

Mrs. Ingham called her brother, Wilbert Hedley, who killed the pup with a table leg. The animal had not bitten any of the family or anyone else as far as known.

INSURANCE AGENTS' THREATEN A STRIKE IF MEN ARE LET GO.

New York, July 21.—The New York and New Jersey locals of the newly organized union of agents, employed by the Prudential Life Insurance company, notified the company today that a strike would be called next Monday if the company carried out its reported threat to dismiss some thirty men. The employees' grievance is based upon an order that they shall cover policies which lapse by getting new policies without commissions and shall furnish policies without commissions for the paid-up and cash surrendered policies.

What Druggist Thomas J. Evans Says About Nerv-Worth

It has been the pleasure of my life to sell Nerv-Worth, because it has helped so many people and made friends out of all who have purchased it. I have several prominent families in Newark that have gotten the best of results with this remedy—results that are lasting. Another grand thing in favor of Nerv-Worth is that it is not a stimulant—a remedy that contains no harmful drugs, and a medicine that you cannot form the drug habit by taking. Hearing people tell what it has done for them has convinced me that Nerv-Worth deserves merit, and is a medicine that the public should know about. We recommend Nerv-Worth in particular for Indigestion, Headache, Nervousness, Sleeplessness, Tired Feeling and a run-down condition in general. IT MAKES WEAK NERVES STRONG.

WHAT NEWARK AND NEIGHBORHOOD FOLKS SAY ABOUT NERV-WORTH

W. E. BAILEY, 123 E. Channel Street, Newark.

W. R. BROWNING, Plant Line Agent, Zanesville, O., for Many Years One of Southeastern Ohio's Best Known Traveling Men.

"I must say, at first hearing of Nerv-Worth, I did not have any faith in it, as other things had failed, so I felt the same way about Nerv-Worth, but was finally persuaded to try a bottle. I tried it, and am thankful to say I have received most wonderful results.

"My trouble was extreme nervousness and sleeplessness. Before this trouble came on I had severe attacks of sick headache. At night I could not sleep and would have to get up and walk around to obtain relief. Also troubled with a quivering sensation in the legs and it often got so bad that I would have to keep moving around and I could not sit down with any ease whatever.

"The second bottle of Nerv-Worth did certainly convince me that Nerv-Worth was the medicine for my trouble, as the results have been most wonderful. I sleep good, my stomach is in much better condition, my nervousness is entirely gone and I feel as good as new once more. I cheerfully recommend Nerv-Worth to anyone troubled with nervous disorders."

T. J. EVANS

MRS. J. B. ANDERSON, Route 7.
Mrs. Anderson lives on Route Seven. She has just written the following very pleasant and convincing statement to Druggist T. J. Evans:

"To see the time of beauty bloom in your face to see you without a headache, in fact to get our best day in and day out try Nerv-Worth."

"I have been troubled with nervous ailments for a number of years. I tried many things in the effort to get well, but the medicine that has cured me now is Nerv-Worth. I certainly can't praise it very highly to those who suffer with such a trouble as nervousness. I say with all my heart, take Nerv-Worth."

MRS. MARY J. BILLINGSLEY, Newark.
"Two weeks ago I stopped at the Evans Drug Store, East Side of the Square, and asked for the best nerve and stomach remedy they had. Nerv-Worth was recommended. After taking only a few doses I began to feel better and now my chronic headaches are gone, my appetite is better, my sleep uninterrupted. I go to sleep soon after retiring. Before that I had suffered with nervous troubles since a year ago, after being operated upon, and I can truly say that Nerv-Worth has done wonders for me. I heartily recommend it to my friends or to anyone suffering with that tired, nervous, dyspeptic feeling."

MRS. E. J. ROWLIN, 205 1/2 East Main.
"I have been a sufferer from back trouble and have lost flesh and had severe headaches and loss of sleep. After taking two bottles of Nerv-Worth, I have regained my health and have increased in weight 25 pounds in the last seven weeks and attribute my increase in health and weight to this wonderful medicine, Nerv-Worth, and cheerfully recommend it to women losing flesh, with backache and loss of sleep."

MRS. A. J. ROW, Route 7.
"My two children, Harold J. Row and Mary Alberta Row, and also my husband have been using it (Nerv-Worth)."

"I also advise people who read this to go to Mr. Evans' Drug Store, on the East Side, and get a bottle of Nerv-Worth and see if they will not be greatly benefited by using it, as it costs only one dollar a bottle."

"ANURIC!"

THE NEWEST
DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original little Liver Pills. One little Pellet for a laxative—three for a cathartic.

CENSOR

IN TURKEY OUTWITTED BY AMERICAN MISSIONARY WHO SENT MESSAGE.

Giving Information in Cryptic Form as to Conditions of Famine and Pestilence.

(ASSOCIATED PRESS TELEGRAM)
New York, July 21—A cryptic message by which an American missionary nurse in Turkey got information of famine and pestilence past the Turkish censor, is described in a bulletin issued today by the American board of commissioners for foreign missions. The message written on a postcard follows:

"We shall very soon have to test the first part of the twentieth verse of the fifth chapter of Job and still sooner, even now, of the last of Psalm 91:3. What a blessing to have a God who is true and able! Lots of love to you all Dr. Hamlin's famous mixture in demand here."

The first part of the twentieth verse of the fifth chapter of Job, reads:

"In famine he shall redeem thee from death."

The last part of the Third verse of the Ninety First Psalm follows the expression, "for He shall deliver thee from the snare of the fowler," and it is added, "and from the noisome pestilence." The mixture referred to is a medicine used in cholera treatment. The board of commissioners interprets the reference to the mixture to mean that cholera is raging in that part of Turkey.

The board refers to the message as one "veiled allusion—veiled to the censor but clear to us."

WILSON PRAISED BY POSTMASTERS AT LAST SESSION

(ASSOCIATED PRESS TELEGRAM)
Washington, July 21—Resolutions commending the national administration for efficiency and economy in postal management, recommending specific reforms and praising President Wilson for maintaining the United States in peace, were presented to the National Association of Presidential Postmasters at its final session today.

It was recommended that general early morning schedules be established when possible, about the larger cities. One resolution suggested changes in the method of settling claims for damage or loss under the insurance feature of the parcel post system so that adjustment may be made for minor claims by the postmaster at the office concerned. Legislation providing for retirement of superannuated employees was favored.

Open Towns in France May Be 'Plane Victims

(ASSOCIATED PRESS TELEGRAM)
Berlin, July 21, via London—Threats of air raids on open French towns, as measures of reprisal are made in an official statement issued here today.

The statement says that the French airmen have bombarded towns in the Black forest, which are outside the zone of field operations, while the German air attacks have been up to now directed exclusively against fortresses or field works. In one of the French raids it is said that a woman and four children were killed.

"We shall now be forced," says the report, "to use our strong battalions for the purpose of reprisal. A great number of peaceful French towns outside the zone of field operations are within the reach of our air squadrons."

Strong Netting Against Sharks Being Installed

(ASSOCIATED PRESS TELEGRAM)
Washington, July 21.—Captain Carden of the revenue cutter Mohawk, sent to the New Jersey coast to aid in the campaign against the sharks, reported today that he had visited many beach resorts, consulting with authorities on the best means of protecting bathers by erection of steel wire nets. Some reports, he said, had put up proper enclosures, but others had erected nets of insufficient strength. He is making every effort to impress upon municipal authorities and bathing beach proprietors the necessity of erecting nets that insure absolute protection. He will visit all the bathing beaches along the New Jersey shores.

Germans Capture American Schooner, Loaded With Oil

(ASSOCIATED PRESS TELEGRAM)
London, July 21, 8:56 a. m.—The American schooner Prince Valdemar has been captured by a German warship while on its way from Philadelphia to Sweden with a cargo of oil, according to a dispatch to the Exchange Telegraph company quoting the Copenhagen Politiken. The schooner was taken into Swinemunde. The only American schooner of this name which is listed here belongs to George W. McNear of San Francisco. The McNear firm is one of those included in the recent British blacklist.

N. Y. PROGRESSIVES EXPECTING A FIGHT

(ASSOCIATED PRESS TELEGRAM)
New York, July 21—New York city Progressives who left for Syracuse today to attend a meeting of the Progressive state committee tomorrow said they expected a lively fight over the proposal to endorse the candidacy of Charles E. Hughes and of Governor Whitman. Bainbridge Colby, who yesterday accepted membership in the state committee, announced that he would oppose the so-called "Perkins program."

To Look and Feel Bright in Hot Weather

This is the season when she who would have the fly-white complexion should turn her thoughts to mercolized wax, the firm friend of the summer girl. Nothing so effectively overcomes the noxious effects of sun, wind, dust and dirt. The wax literally absorbs the morbid, discolored, freckled, withered or hardened cuticle, bringing forth a brand new skin, clear, soft and gloriously beautiful. It also unclogs the pores, removing blackheads and increasing skin's breathing capacity. An ounce of mercolized wax, obtainable at any drugstore, applied nightly, like cold cream, and washed off mornings, will gradually improve the worst complexion.

When depressed by the heat and you want to freshen up for the afternoon or evening bath, the face in a lotion made by dissolving an ounce of powdered saxolite in a half pint witch hazel. You'll find this more refreshing than an hour's rest. It is fine for smoothing out wrinkles, even the deeper ones.

THREATS

TO EXTERMINATE WOMEN MARCHING IN PREPAREDNESS PARADE TOMORROW.

Are Being Investigated by Postoffice Inspectors—Anonymous Warning Through Mail.

(ASSOCIATED PRESS TELEGRAM)
San Francisco, July 21.—Postoffice inspectors are today endeavoring to find the authors of a threat to "exterminate" members of the women's navy league, should they persist in their announced determination to march in a preparedness parade here tomorrow.

Many members of the league received the anonymous warning, but, according to federal authorities, more than 200 of the hand printed postal cards have been intercepted at the postoffice.

The cards were signed "Employee and Protective League." No such organization is known here.

Several thousand peace advocates and opponents of militarism met last night to protest against the preparedness parade to be held tomorrow.

MANY AFFLICTED WITH NEURITIS

EXPERT GIVES SIMPLE TESTS FOR PAINFUL DISEASE PREVALENT HERE.

Have you a pain in the shoulder when you attempt to put on your coat? Is your arm sore and painful at night? If so you very likely have neuritis, which has become so prevalent during the past six weeks, said W. A. Varney, the discoverer of Var-ne-sis.

W. A. VARNEY, Discoverer of Var-ne-sis.

"The shoulder and arm is very painful if raised above the head and the pain is usually severe at night so that sleep is impossible. If the condition is neglected it may extend to the hand and weaken the muscles so that it is almost impossible to lift a cup. A dragging heavy sensation is often complained of when the arm is allowed to swing at the side, this is relieved by using a sling. Exposure to the cold or wind tends to increase the trouble.

"A simple test is to hold the arm at right angles to the body and exert pressure on the elbow when pain will be felt in the shoulder or between the shoulder and the elbow. There is rarely any swelling and the main symptoms are pain and weakness of the muscles, with more or less numbness and tingling sensation, although this may be absent in many cases.

"Hundreds have been benefited by Var-ne-sis after suffering from this painful affliction and I want to warn the public that treatment of some sort should commence as soon as the disease appears, as neglect

FORMAL

PROTEST PROBABLY MAY BE MADE BY MERCHANTS AGAINST BLOCKADE.

Talk Today of Testing the Validity of Order by Sending Ship to Neutral Port.

(Associated Press Telegram) New York, July 21.—All of the eighty-two firms blacklisted by Great Britain under the trading with the enemy act, were invited to send representatives to a meeting here today for the purpose of considering a formal protest. There was talk in shipping circles of making an attempt to test the validity of Great Britain's position by sending an American ship laden with goods from the blacklisted firms to a neutral port consigned to a neutral, or to an agent of the American owners. Some merchants, however, believed that the meeting should go no further than appointing a committee made up of persons whose Americanism cannot be questioned to take up the matter with the state department at Washington. If the latter course is adopted, it was said that firms of admitted German origin or whose exact status may not be clear, would make no attempt at this time to fight for what they consider their rights.

Shippers said today that orders from South American countries for large quantities of foodstuffs, farming instruments, household articles and other goods have been held up by the action of the British government. Some of the largest houses in the foreign trade instructed their clerks not to accept any shipments until the British agents had been asked about the status of the customer.

Sheriff Attaches Munitions Made In Toledo For Allies

(Associated Press Telegram) Toledo, July 21.—A large quantity of munitions for the allies, manufactured by the Toledo Bridge and Crane company, was attached by the sheriff today. This action was taken in the case of Consolidated Manufacturing company of Toledo against the Canadian Car and Foundry company, limited, filed late yesterday in common pleas court. The consolidated company alleges breach of contract and seeks for \$215,000. It is alleged that the plaintiff contracted the manufacture of 300,000 shrapnel shells, on Russian standard, at \$1.80 each. The company is that the order was reduced to 20,000 and that material which the Canadian company was to furnish, was not according to specifications, entailing heavy loss upon the Toledo concern.

BIGBEE DENIES CHARGES MADE AGAINST BUS.

Following complaints filed with the Muskingum county commissioners at Zanesville, that the big Peorion-Zanesville bus was damaging the National Pike and that on one occasion it forced a minister's automobile off the pike, C. A. Bigbee yesterday in Zanesville made a general denial of the charges. The Times-Recorder today says: "According to Mr. Bigbee, the big truck is not chargeable for all the complaints registered with the county commissioners. Mr. Bigbee states that on the day on which it was claimed the bus forced a minister's car off the pike the bus was not in operation. He also asserts that the

USING VITALITY

The struggle for success uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. (Medicine resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. GOOD JOKE ON THE "THIRSTY" IN "DRY" TOWN

McConnelsville, July 21.—This town is still convulsed with laughter over the huge success of a rare joke perpetrated one evening this week on some hundred or more thirsty citizens at a "wet-dry" party given on the public dump by "Chod" Moore and Jess Love, who work as draymen when they are not playing practical jokes.

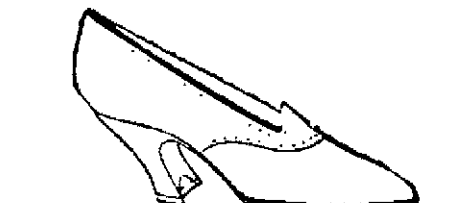

While McConnelsville is a dry community quite a number of its citizens have a decided predilection for wet goods, and it was on this well known weakness that Moore and Love played. The conspirators caused it to be understood that Prosecuting Attorney McGonagle had employed them to cart from the county jail to the public dumping ground a vast quantity of beer and whiskey confiscated in a recent raid, and under a pledge of absolute secrecy they promised to each of their victims a generous share of the "boozie" if they called at the dump between 7:30 and 8 o'clock.

Moore and Love then secured a number of beer bottles which they filled with water and several kegs and barrels which they packed with bricks to give them weight. They treated whiskey bottles and cases in a like manner and then loading their dumper, drove to the dump. It looked like half of the male population was there to meet them. Some had baskets or buckets and others had brought carts, wagons and wheelbarrows and all were eager for their share.

Each man was told not to open his package until he got home and to hurry away before attracting attention. The load was disposed of in a trice, and Moore and Love then hurried back to town to spread the news. The victims are all looking mighty foolish, but as yet none has found a means to stop the "Ha-ha's" which greets every public appearance of guests at the party.

Another Fine Catch.
James Murphy, the well known

the ground and now he is receiving
his just reward and enjoying new
potatoes, tomatoes, peas, beets,
beans, radishes, onions, asparagus

Announcement was made yesterday at the general office of the Baltimore and Ohio Railroad System that C. C. Glessner, auditor of coal and coke receipts, has been promoted to auditor of freight claims and that the position of freight claim agent has been abolished.

L. A. Lambert, auditor of miscellaneous receipts and accounts, has been advanced to auditor of coal and coke receipts, succeeding Mr. Glessner and the duties of the auditor of miscellaneous receipts and accounts will be assumed by J. M. Watkins, auditor of revenue.

The circular covering the changes, which are effective at once, was issued by J. J. Ekin, general auditor, and bore the approval of J. T. Leary, comptroller, and George M. Shriver, vice president of accounts, treasury, claims and relief.

Staff Officers' Outing.
The staff officers of the local division of the Baltimore and Ohio railroad company, and their families will enjoy an outing at Buckeye lake tomorrow. A special will leave this city Saturday morning at 10:30 o'clock for the lake and a crowd numbering 70 persons are expected to make the trip.

The day will be spent in dancing, games, boating and other forms of amusement found at Ohio's popular water resort. Unlike previous occasions of this character among the officials of the staff, tomorrow's outing will be void of any business, the day being assigned to pleasure only.

Excursion to Wheeling.
The B. & O. railroad will run an excursion from this city to Wheeling and return Sunday. The train will leave the local station at 6:30 and a number of Newark people already are planning to make the trip to the Virginia hills.

program the governor, speakers and members of the committees were guests at dinner at the Baughman home.

The dedication of the Mooney memorial canon was one of the interesting events of the day. The "Old Guard" from Newark surrounded the canon while the unveiling was under way. Colonel Playford of Zanesville delivered a brief address and as the drapery was taken from the canon a salute of three rounds was fired by the "Old Guard."

Members of the "Old Guard" figured in drills and in a sham battle and the ladies drill team from the Newark Daughters of Veterans organization appeared in drills. The drum corps from Cocheton took a prominent part in the program, while music was rendered by the Frazeysburg band.

While the program was under way, plans were inaugurated for a bigger celebration next year. Captain Evans was made chairman of the program committee and other committees were named. Action towards securing aid for the park from the federal government and the state will be taken by the veterans individually and through the posts at their homes.

The weather was ideal for the reunion but within a short time after the crowd was dispersed, a heavy storm broke over that section of the county and the park and surrounding country were drenched.

Mr. Baughman was highly complimented on the manner in which the reunion was conducted. Refreshment stands were stationed in the park, but no "watch penny affairs" were permitted.

True cats, larger than the modern tiger, short-toed rhinoceroses, mastodons with tusks in both the upper and lower jaw and a great variety of wolf-like carnivora made their home in Nebraska some years ago, or to be exact, in the tertiary period when that State was an expanse of swampy lowland, covered with vegetation not unlike that of the Amazon wildernesses of the present day.
